5/9/69

Dear Miss Muller,

The reprint I desire is specified in my letter of April 12 to Dr. Lattimer. It is his article in the Journal of the American Medical Association 198:327-333, 1966.

It is cited in Footnote 15 in his International Surgery article, on page 532.

If you can spare a total of three copies, I know two others doing research in the field who would appreciate copies.

Thank you very much. I regret my original request did not reach you.

I do appreciate your thoughtfulness in preparing the addressed envelope for me.

Sincerely,

Harold Weisberg
